

Program

09:15-09:30	Registration
09:30-09:40	Opening Remarks Gunzi Saito, Kyoto University
09:40-10:40	“Molecule-Based Conductors and Magnets” Lahcène Ouahab, University of Rennes 1
10:40-11:40	“From Molecules to Devices: On Requirements and Consequences of the Necessary Processing Step” Lydie Valade, CNRS Toulouse
11:40-12:00	“Non-Fermi-liquid Behavior and Quantum Phase Transition in Ni_3Al Alloy” M. H. Fang, Zhejiang University
12:00-13:00	<i>Lunch Break</i>
13:00-14:00	“Porous Coordination Polymers - From Science to Application” Susumu Kitagawa, Kyoto University
14:00-15:00	“Solid State Reaction Mechanisms: Structural Organization, Charge Ordering and Chemical Reactivity in Non-stoichiometric Solids” Werner Paulus, University of Rennes 1
15:00-15:20	<i>Coffee Break</i>
15:20-	Four-Minute-Presentations 18 Student Poster Presenters
16:40-18:10	Poster Session
18:10-18:20	Concluding Remarks Lahcène Ouahab, University of Rennes 1
